

NGS Service Provider Proficiency Certificate

This is to certify that

Alacris Theranostics GmbH

has demonstrated proficiency in the application of library preparation and Next Generation Sequencing (NGS) for the MGI DNBSEQ sequencing technology.

Having successfully met the standards required by MGI Tech GmbH, Alacris Theranostics GmbH is recognized as an NGS Service Provider qualified to perform high-quality sequencing services utilizing MGI's advanced sequencing platforms.

This certification acknowledges the expertise and technical competence of Alacris Theranostics GmbH in employing MGI's sequencing technology for Next Generation Sequencing Services.
